**No** **1** 3.13%

Comments:

- The auditorium adds too much to the taxes of both the houses and the land tax. Just classrooms is all we need. (This response should be counted as "Yes, w/o Auditorium")

Comments:

- Need seniors on comm. + more local people - Nice idea - not sure we can afford it - with the street also.
- Overall cost + possible street repairs that will be needed in addition to the school projects.
- Elementray - 1.5M - Auditorium - 4.3M - Hard sell to public at that price!
- Auditorium usage
